Setting: A kingdom called Sinclara, an Ocean, and a nearby land called Mystica
Genre: Fairytale

Narrator: Long ago, when life depended on myth, magic, and fairytales, there was a kingdom in a far away land known as Sinclara. Deep in the meadows, beyond the castle walls rested a cozy little farm that was planted and gardened by a farmer named Golden Ramsey. Though this farmer had lived a long life, he spent all the energy he had growing his favorite vegetable, carrots!

Golden Ramsey: All I gotta do is bend down one more time to plant the last carrot of the day... Wait! Ooh! Oh! My back! I guess my work here is done. I should sleep it off and start all over again tomorrow!

Narrator: Now, Golden Ramsey is a heavy sleeper! He could sleep through anything while he made the loudest snores. In the dark of the night, while Gordon Ramsey was fast asleep, a forest witch named Amulet appeared to curse the field of carrots, for carrots were their least favorite vegetable out of all the vegetable options.

Amulet: My my! What do we have here? Carrots?!? A whole field of carrots?!? YUCK! I shall cast a magic spell that rids the land of these carrots once and for all!

Narrator: With the wave of a magical staff, and a clever spell, Amulet cursed all the carrots in the field to taste like chocolate. Once you take a bite, you can never ever stop!

Amulet: Alakawho, Alakazam, this is my brilliant plan! May woodland animals find this lawn, and eat these carrots until they're gone! HAHA! When I return, this land will be beautiful and clean without any carrots once and for all!

Narrator: Amulet snuck into the night and was gone without a trace. The next morning, Golden Ramsey awoke and went back to work on the carrot farm.

Golden Ramsey: Another beautiful day for carrot planting! Let me just bend down here and plant the first carrot of the day... Wait! Ooh! Oh! My back! Maybe it's time to take a little break...

Narrator: Golden Ramsey went inside to take a well deserved and relaxing break! Soon, a rabbit named Cloud hopped along after a long journey searching for a delicious snack.

Cloud: I'm so hungry! I sure hope this farm has a good snack. **Looks around the farm** Oh! Carrots! My favorite! **Eats a carrot** WOW! This is the most delicious carrot I've ever tasted! It almost tastes like chocolate. Maybe the farmer won't mind if I have a few more..

Narrator: As Cloud began chowing down on magical carrots, a Capybara named Comico walked through the farm wearing a turtle backpack for their day's journey.

Comico: Hiya! Do you own this farm? I'm terribly hungry and I could use a snack.

Cloud: I haven't seen a farmer around, but there's plenty of carrots here to share!

Comico: Are those carrots even good? I usually only look for squash.

Cloud: Oh these are the best carrots I've ever had! I can't stop eating them! Here, try one.

Comico: **Takes a bite** Whoa! I've never tasted a carrot like that before! Maybe I'll have a few more..

Cloud: I can't stop myself. I'll admit I've had a few already and I'm still hungry for more!

Narrator: Side by side, Comico and Cloud shared a cursed snack time. Then, a very tired horse named Horsie Mamma trotted along the farm looking for a snack and a place to rest.

Horsie Mamma: Excuse me, I am so tired and hungry. Do you think I could join you for a snack? Carrots are my favorite.

Comico: Come on over! There's plenty to share.

Cloud: If you like carrots, then I think you'll love these. These are the best carrots I've ever had!

Horsie Mamma: **Takes a bite** Delicious! This will be the perfect snack to eat while I rest my hooves.

Narrator: All three were happy as could be!.. Eating cursed carrots of course. They filled their bellies one carrot at a time and completely forgot they were on the farmers' land.

Golden Ramsey: Well that was a relaxing break! **Looks around** Hey! What in tarnation? Get off my farm you lousy animals! Quit eating my carrots or I'll get you.

Horsie Mamma: Run!

Comico: Find a place to hide!

Cloud: I'm right behind you!

Golden Ramsey: **Tries to catch Cloud, but hurts his back** Wait! Ooh! Oh! My back! You better run!

Narrator: Cloud, Comico, and Horsie Mamma found shelter in some nearby bushes and trees.

Comico: That was close!

Horsie Mamma: I wish I could eat more carrots!

Cloud: Let's wait until nighttime, and we'll take more carrots while no one can see us!

Narrator: Our 3 friends stayed hidden while their tummies rumbled for more magical carrots. Meanwhile, Golden Ramsey called upon a Hunter to make sure no more animals stole his precious carrots.

Golden Ramsey: Please help me keep bad animals away from my precious carrots!

Hunter: Don't you worry! Hunting is my game, and putting bad animals away is my aim. I'll set up some traps to stop any critter from eating your carrots!

Golden Ramsey: Sounds perfect! I'm going to rest my back while you do all the work!

Narrator: As Golden Ramsey readied for bed, the Hunter set up traps along the carrot farm knowing that the animals may return at night.

Hunter: Now that my traps are set just right, I know I'll catch any carrot stealing animals in action! I'll return in the morning and check these traps!

Narrator: As night fell, Cloud, Comico, and Horsie Mamma crept over to the farm.

Cloud: We have to stay quiet or we'll be caught again!

Narrator: They started picking up carrots and eating them once more. Just as they felt safe, the traps the hunter set locked them into place.

Cloud: Help!

Comico: We're stuck!

All 3 cry out with a whimper, yelps, and cries

Narrator: A nearby flying owl, named Speed, heard the cries of our trapped friends. With lightning moves, Speed swooped over to the carrot farm to help.

Speed: What happened? Why are you trapped?

Comico: We were caught eating carrots!

Cloud: Please help us! We can't get out!

Speed: Okay! I'll go and find help! I have a magical friend that might know what to do!

Horsie Mamma: Hurry!

Narrator: With hurried flaps of his wings, Speed soared through the air. He flew as fast as he could until he found his magical friend.

Speed: Amulet!! Animals were trapped by a Hunter for eating carrots. They can't escape!

Amulet: WHAT! This can't be! I need animals to eat all of those disgusting carrots. I know! I'll call upon some of my magical friends in Mystica to help me finish the job.

Speed: And save the animals, right?

Amulet: Yeah, that too.

Narrator: Amulet and Speed rushed to a nearby dock. The only way to get to Mystica was by ship, a pirate ship of course, led by a fearless Pirate.

Pirate: Ahoy! What's the trouble, matey?

Amulet: I need you to sail us over to Mystica and back! We're on a mission to get rid of some carrots!

Speed: AND save some animals!

Amulet: Right.

Pirate: Arrgh! That sounds like an adventure! Ready the sail!

Narrator: The three sailed away together in the night over dark waters until they arrived in Mystica. It should be known that Mystica was home to magical creatures of all kinds. Amulet, being magical themselves was very familiar with Mystica's residents.

Amulet: Alright, we're here! I'll use a spell to call my friends. **Waves magic staff**
Amuck, Amuck! I'll find my friends with a little luck!

Narrator: Suddenly, two magical creatures came barreling down Mystica's path, a unicorn named Felicia, and Sonic the hedgehog.

Felicia: You rang?

Amulet: I'm glad you're here! I need your help eating all the carrots on a carrot farm!

Speed: And save some animals!

Sonic: I usually only eat chilli dogs.

Amulet: I promise, these carrots are like nothing you've ever tasted!

Felicia: You know, I haven't been on a hero mission in a while, and I do like carrots...

Sonic: If you go, I'll go too.

Speed: Alright, let's get back before more animals are trapped by a hunter!

Pirate: Let's sail!

Sonic: You guys go ahead! I can run on water!

Narrator: Back they went to Sinclara with their magical friends in tow! On the journey they came up with a plan to save the animals and eat the remainder of the carrots on the farm.

Pirate: Land Ho!

Speed: Alright, no time to waste!

Sonic: Let's go!

Narrator: When they arrived at the carrot farm, it was quite a sight! Felicia used her magical horn to cut through Horsie Mamma's traps! The pirate used a sword to slice Comico's bonds! Sonic's hands, quick as lightning, set Cloud free!

Amulet: Alright everyone! Start eating those carrots! We don't have much time before morning!

We hear the characters say phrases like "Mmm", "Yum", "Delicious"

Felicia: Saving the day, plus enjoying a satisfying snack. This definitely tops my last mission!

Narrator: One by one, our bonded friends ate every single carrot with delight. Everyone except Amulet. As I've mentioned before, Amulet hated carrots. As the sun began to break on a new day, footsteps were heard in the distance.

Hunter: Hey! What happened to my traps? Did all of you steal the rest of the carrots?
That's it! I'll trap you all!

Amulet: **Waves magical staff** Hocus Pocus, lose your focus! Count to three and let us be!

Hunter: **While spinning in a daze** One, two, three!

Narrator: Dazed and confused, the Hunter walked away from the carrot farm without any memory as to why he was there in the first place.

Cloud: What an adventure! Do you think there are any more carrot farms around?

Amulet: I hope not!

Felicia: Anyone that wants to party in Mystica, lets hit the pirate ship!

We see our friends celebrate as they make their way offstage

Golden Ramsey: Well that was a good sleep! Now to... What in tarnation?!? What happened to my carrots??? Darn! I guess I gotta start planting all over again!... Wait! Ooh! Oh! My back!

ALL: The End!
